**Highest Possible Composite Score on the American College Testing (ACT) Exam**

Superintendent Cates made the following comments:

Every high school student who prepares for college is aware of the importance placed on standardized college entrance exams, including the American College Test, what we know as the ACT. Of the nearly two million students who take the ACT, fewer than 4,000 earn the highest possible composite score of 36.

Tonight, we recognize a William Fremd High School student who has achieved this remarkable accomplishment.
